Frameworks & Technologies	Spring Boot, React
Database	MySQL, PostgreSQL
Core Concepts	Data Structures & Algorithms, Object-Oriented Programming, REST APIs, Database Design

Projects

Crime Analytics & Investigation Management Platform — *Spring Boot — Spring Security — JWT — JPA — MySQL*

- Developing a backend platform for managing FIRs, cases, investigations, criminals, evidence, witnesses, and notifications.
- Designed a relational database structure for managing relationships between cases, investigations, officers, criminals, and evidence.
- Developed REST APIs using Spring Boot and Spring Data JPA.
- Implemented JWT-based authentication and role-based authorization using Spring Security.
- Designed the system with roles such as Admin, Officer, and Investigator.

Traveloop — Personalized Travel Planning Platform

React — TypeScript — PostgreSQL

- Developed a personalized travel planning platform for creating and managing complete trips and itineraries.
- Implemented user authentication using JWT access and refresh tokens.
- Built trip management and itinerary planning functionality for organizing destinations, activities, and schedules.
- Developed budget and expense tracking features to help users manage travel expenses.
- Worked on sharing and community-oriented features for collaborative travel planning.

Achievements

- Solved **300+** **Data Structures & Algorithms** problems across LeetCode and Codeforces.
- Secured **ACPC Rank 1300**.
- Secured a position in the **Top 10%** in the Odoo Hackathon.

Experience

Backend Developer — Hackathons

- Worked as a **Backend Developer** across multiple hackathon projects as part of teams of **4–5 members**.
- Designed and implemented backend functionality, database structures, and APIs for team projects.
- Collaborated with frontend developers and other team members to integrate backend services with complete applications.

Junior Coordinator — TNP Cell, The Maharaja Sayajirao University of Baroda

- Contributed to placement-related activities and coordination as a member of the Training and Placement Cell.
- Assisted in organizing and coordinating student-focused placement activities and sessions.
